**OVERVIEW**

Terraco Sprayplaster Finishcoat is an acrylic based, low VOC, ready to use compound of inert filler materials, for use on all common types of interior building surfaces. It gives a high quality, even surface for painting or other finishes. Terraco Sprayplaster Finishcoat is suitable for both precast and conventional buildings. It can be applied to either new or old solid surfaces of pre-cast or fair-faced concrete, sand/cement render, fair-faced and leveled brickwork, gypsum board, etc. It is also used as a finish coat for Sprayplaster Basecoat/Basecoat DP. When used for finishing ceilings, the final coat may be left spray textured, in which case no further decoration is required. The finished Sprayplaster surface does not require priming before painting.

**PROPERTIES**

</tr>
</tbody>
</table>

**APPLICATION & CLEANING OF TOOLS**

Terraco Sprayplaster Finishcoat is applied over Terraco Sprayplaster Basecoat by spray or trowel. If dilution is required use 2-3% clean water. Apply 2 coats of Terraco Sprayplaster Finishcoat and level with a steel-edged spatula. The total thickness of Terraco Sprayplaster Finishcoat should not exceed 3 mm. Allow approx. 6-8 hours drying time between coats.

Clean tools and equipment with water after use. Drying time depends on site condition.

**HEALTH & SAFETY**

Avoid prolonged contact with eyes and skin. For detailed information refer to relevant material safety data sheet.

**PACKAGING & STORAGE**

Sprayplaster Finishcoat is supplied in 25kg plastic bags.

Store containers in a clean dry area protected from direct sunlight and extreme heat and cold. Unopened containers can be stored for 9 months. Use oldest material first.

---

TERRACO offers a comprehensive range of products and services for most concrete and finishing needs. Please contact the TERRACO Technical Service Department or your local TERRACO agent for further information, samples, demonstrations and instructor services. The information given in this leaflet is based upon laboratory research, as well as extensive field work and application. All products are sold subject to standard conditions of sale which are available on request. This information is based on TERRACO’s present state of knowledge and is intended to provide general information on TERRACO’s products and their methods of use. The prospective user is recommended to determine the suitability of TERRACO’s suggestions and products before adopting them on a commercial scale.
